Five Herbs For Love Spells

Rose

Rose, the awe-inspiring beauty of all times, is one of the best aides in our quest for love. Roses are sacred to Aphrodite and they transmit her power and beseech her blessings. Other deities associated with the Rose are Venus, Demeter, Isis, Eros, Cupid and Adonis.

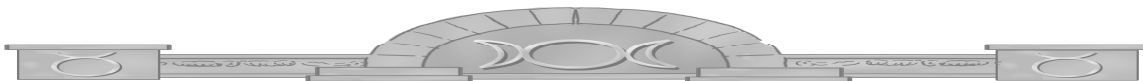

Bathe your hands in rose water prior to mixing up any love potions or powders to intensify their effects. Roses may be used in all sorts of spells; as a token of love, to induce love or to induce peace and harmony. Essential oil of rose is one of the ingredients in "Come to me Lover Oil"

Rose buds soaked in Rose oil may be burnt to infuse your home with loving vibrations. Dried rose buds can also bring you new love. Rose petals may be used in potions that can be offered to future lovers. Make candles with essential oil of Rose and burn them to attract love. A bouquet of roses presented to a person is as good as delivering a spell right into their hands. Combine roses with myrtle for a more powerful bouquet. Rose petals may be ground to a paste and shaped into beads which are then threaded and worn to encourage a lover to come to you, murmur your intentions over ground rose petals while making small beads out of them.
