5 Attraction Spells for Free

All of us know what Love does to our life. Most of us walk in a trance when we know that there is someone out there who cares for us. We walk around like we are in a trance and we can sense the most delicious of aromas, taste, touch or sound. Every song, flower or anything exquisite reminds us of the one we love and the love we share.

It's really no wonder that the most requested spells in most forums including this one relate to Love and romance. So here are five beautiful and effective love spells for those of you who wish to attract more romance into their lives.

Love Letter Spell

This is an easy spell. Write a letter to the one you love. Dab a tiny bit of jasmine perfume onto the letter before you close the envelope. If you cannot send it to the person you love, burn it while visualizing the Universe delivering the contents to that person.

Love Powder

This is a very powerful powder created with potent botanicals that will work on your behalf to attract the person you wish to bring into your life.

For this, you will need the following ingredients:

- 1 teaspoon cinnamon powder
- 1 teaspoon cloves
- 1 teaspoon dried ginger
- 1 tsp ground orrisroot
- 1 Tablespoon dried Rose petals
- 1 Tablespoon vanilla sugar

Grind all of the above into a superfine powder. Mix this with rice powder, cornstarch or arrowroot powder to create a nice, soft, body powder. Add or remove ingredients as necessary. Test in on your skin and make sure that you are not allergic to anything in this Love Powder.

You may use it to dust your sheets, wear it in your underclothes, carry it in a small pouch or just keep around the house in a small saucer to attract Love into your life.

Spellbound Oil

You can make your own special love oil that will leave your lover speechless!

Collect the following:

- 1 tsp Bergamot essential oil
- 1 tsp Frankincense essential oil
- 1 tsp jasmine essential oil
- 1 tsp Myrrh essential oil
- 1 tsp Petitgrain essential oil

Mix the above essential oils along with some jojoba oil and Apricot kernel oil.

Use this aromatic Love oil as your special perfume by dabbing your body with a cotton ball soaked in it or carrying it with you wherever you go.

Simple Love Conjure Bag

Most of us do not have the means of buying special botanicals or essential oils, etc. There are many ways in which you can create your own Love Conjure bags without spending a fortune.

Make a red cloth bag. The material can be cotton, velvet or silk. You can use material from old clothes or use material from a flea market. Charge it with positive energies and visualize your goals while making the bag and filling it.

To fill the bag you may use Holly leaves and berries. Or you may use elecampane, mistletoe and vervain. If you don't happen to have these lying around in your house, add any of your special charms or jewelry (shaped like a heart) or your childhood toys (small) that brought you a lot of joy such as coins, beads, sequins from your favorite dress, coral or pearl trinkets, etc. Also add your initials and the initials of the one you love to the bag. Keep it by your bedside at night while you visualize love coming into your life.

Love Candle Spell

Get a Lover's candle. This is usually a red candle in the form of a couple. Using a dull knife, carve the man's name on the female side of the candle and the woman's name on the male candle. Dress the candle with Come to me Lover oil and burn the candle while you visualize your lover running over to you.

Brightest Blessings.
