### Three Binding Love Spells

Binding spells tie the lovers together in spirit for eternity. Before working on binding love spells, consider the lifelong implications. If you love someone today and work a binding spell and you go different ways after a divorce or separation, you will still be bound together unless you remember to unbind the spell effectively.

#### Fairy Knot spells

Romany people believed in the magick of Fairy knots. Knots in the boughs of willow trees were believed to be made by Fairies. For this spell, get a knot from a willow tree and dress it with love drawing oils. Get some hair from your lover's head and also from yours. Make a braid by twirling it between your fingers. Tie this braid to the Fairy knot with red thread or yarn and keep it safe in a red charm bag made of silk or satin. Keep it safe where it will not be disturbed. Remember to undo the braid if you ever need to get away from this person.

#### Dolls Binding spell

Compared to most binding spells, this one allows you to undo it when and if you need to move away from this person in this life. For this spell, gather the following items:

##### Cotton fabric

Dried love herbs such as basil, chamomile, cardamom, coriander, gardenia, grains of paradise, hibiscus, hyacinth, jasmine, iris, lavender, lovage, mint, orchid, poppy, rose, rosemary thyme, vervain, etc.

Love oils from any of the above herbs

Beads, sequins, buttons, quartz crystals, etc for adornment

Cut the fabric and make two dolls, one to represent you and one for your lover. You may write their names on the dolls using natural ink. Add any distinguishing moles or marks on the body to identify them. Stitch all the way around the doll except for a small gap through which you can stuff it. Use as many love herbs as you can. While you make the

doll and stuff it, visualize your union and how your future will unfold the next few decades of your life.

Light some incense while you rub the dolls with the love oils. Again, you can visualize the happy times you will have with your lover, maybe getting married, having children, getting old together, etc.

Dress the dolls and decorate with the beads, gemstones, glitter, sequins, etc while you meditate on your goal. Make knots on the beads with an intention focused on each knot you make.

Tie the dolls together with red yarn and keep them safely wrapped in a natural fabric such as cotton or silk, away from prying eyes. If at any time you wish to remove yourself from this relationship, untie the knot that binds the two dolls.

#### River spirit spell

This spell should be worked by a river. Find a leaf that has fallen down from its tree. Also find a thorn from some bush nearby. Using the thorn, prick your finger and smear one side of the leaf with your blood while chanting your name again and again. Remember to use all variations of your name including your pet name, formal name, and your lover's name for you and so on.

Now turn over the leaf and smear your blood on it while you chant your lover's name again and again in a similar way. Throw the leaf into the river and walk home without looking back.
