Five Free Love Spells For Casting

No one can exist in this world without love. Love energizes, uplifts and inspires our soul. Love doesn't have to be confined to humans; one can love a dog or a cat and feel happy when they return our love. Snuggling up to my pet dog is one of the best memories from my childhood.

Here are five love spells for you to use:

Self-Love Spell

What we give, we receive (three-fold). So the best way to get love is to give it first. To have love in our hearts, we have to accept ourselves first. So here is a ritual you can do to start a love "bank-account" in your life.

Flowers are nature's miracles. Ever tried to recreate a flower? What do we use: Paper, Satin or Velvet? There are very few things that rival the beauty of a flower. They appear and disappear in the blink of an eye. Let us use its amazing beauty and energy to teach ourselves self-love and self-acceptance.

Gather fresh blossoms of flowers such as Rose, hibiscus, calendula which are believed to stimulate our love and acceptance. Add them to your bath. Soak in their essences until you feel cleansed, calm and peaceful. Alternately you can make infusions from dried flowers and add to the bath. Grow plants inside the house and outside. Enjoy the beauty of the flowers that give so much joy in the short time they exist on Earth.

Hearts together Spell

Get some red wax and create two hearts from the wax. With a small blunt pin, write your name on one and carve your lover's name on the other wax heart. Use a needle and

thread to attach the hearts together. Wear this charm close to your heart and kiss it to remember the one you love and to increase the love between you.

Romantic Perfume Spell

Get a strand of hair from your beloved and entwine it with a strand of your own hair. Place this braid in a perfume bottle. Fill it with your favorite perfume. Add an Adam and Eve root to the bottle. Use this perfume when you go to meet your beloved. You may use this daily if you prefer.

The Right one spell

This spell helps you find the love of your life. For this spell, you will need to get some Attraction oil or make some by mixing grated lemon zest, lovage, vervain, essential oil of lemon verbena, rose attar.

Wear this perfume every day for nine days. You will be able to meet your lover very soon.

Grow a Lover spell

This spell is effective when you already have a person in mind. Dig up his footprint and put it in a flowerpot. Plant some marigolds in the pot adding extra soil as necessary. As the plant grows, so will your love for each other.
