Money Spells

Money spells are used to increase our potential to make wealth. There are spells to bring specific amounts of money or to multiply the money we already have.

Money spells work by inspiring us to pave the way to generate more wealth. By carefully thinking of our goals and writing down our intentions we nudge our destiny to work in the direction we want it to. If we never think of earning more money, we may never be inspired to get a good education or get a better job and work hard at it. It's the yearning for a better life that makes people visualize it and allows it to manifest in this world.

Some of the money spells include rituals where the symbol of money, such as a dollar bill, will carefully be folded and wrapped with leaves or husk while the spell is chanted. This bundle is then hung above the entry way to welcome prosperity in to our life.

Some people carry lucky charms that are believed to attract money or wear jewelry that are created with gemstones that attract wealth to you. Here are some of the ways with which you can attract money to your home:

1. Create a bracelet using aventurine, citrine or tourmaline beads and wear it everyday
2. Place seven Aventurine or Olivine beads around a green candle and light the candle to attract wealth.
3. Keep a rabbit's foot somewhere around your body and luck will stay with you.

4. Finding a penny or any valuable coin is considered good luck. Keep the coin separate from others. You can even put it in a special envelope and carry it in your wallet.
5. Finding a rock or a shell with a hole in it is considered good luck. You can put a rope through the hole and wear it as a good luck charm.
6. Lodestones dressed with magnetic sand are also believed to attract wealth
7. Money bags are small pouches containing various coins or paper bills that are carried by people to attract more money. People also wear bracelets or jewelry with the coin as a pendant or charm.
8. Create a bracelet with these charms – 4 leaved clover, horseshoe, pig, a die showing seven dots, pansy, angel, etc.
9. Get a jade pendant and wear it all the time.
10. Throw a penny into a pond and wish for money.
11. Shower others with money or gifts and you will get it three-fold in return.
12. Give allowance money to little children and you will find that their happiness bring you tremendous wealth.

Here is a simple money spell that will bring you prosperity:

Items you will need:

One small pouch

Three small gemstones – citrine, aventurine and bloodstone

One green candle

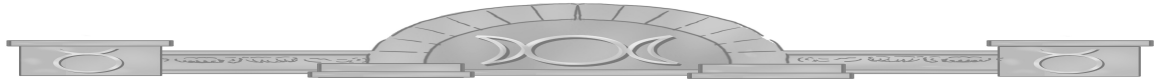

Incense

One piece of paper and one pen

One dollar bill and four quarters

1. On the day of a new moon, bathe using herbal oils and natural soaps to energize you.
2. Cleanse the space you will use by burning the incense.
3. Read a chapter from your favorite spiritual book for inspiration and focus.

4. Prepare your intentions and goals by writing on the piece of paper in your own words what will enrich your life as you see it. It could be a monetary amount, a better job or better education that will lead to a continuous, steady flow of income for the rest of your life. Be specific and imagine your goals already happening, visualize the glow of happiness that radiates from you as it happens and try to keep that feeling even after the ritual is completed.

5. Place the dollar bill on the table and arrange the four quarters in the four corners.

6. Place the candle in the candle holder on the center of the bill and place the pouch nearby.

7. Light the candle and meditate on the flame for a few minutes.

8. Take one of the stones in your palm and pointing your open palm to the candle, chant these words with conviction:

Powers of the Sun,

Powers of the Moon,

Provide me with wealth

That I have not seen before

I call the Earth

To bind my spell

What I have begun

Will serve me well.

9. Now place the gem on the pouch near the burning candle

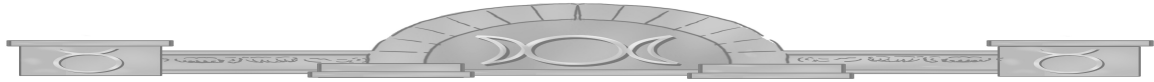

10. Repeat with the other two gems

11. Now meditate for some more time in front of the candle and the three gems that will bring you wealth. The more you concentrate, the more powerful the gems will become.

12. Let the candle burn completely.

13. Put the three gems in the pouch

14. Carry them with you until you get the money you deserve.
